ITF 2020 Discovering Characters JUNE 22-27, 2020

Explore all things theatre at the nation's premier event created especially for high-achieving theatre students and their teachers. The preferred summer theatre experience for more than 50 years ITF is where you see, think, and do theatre non-stop for a week! Learn new skills, make new connections, and be inspired with new knowledge about theatre.

Experience performances of all types from the stage and from the house — read-throughs and improv, student works and Shakespeare, one-acts and full-scale mainstage productions.

Expand your theatre world — audition for scholarships or college admission; sign up for the student leadership program; be part of the Next Generation program that takes original student-written works from page to stage.

Build your theatre family — meet and work with *thousands* of Thespians and dozens of theatre educators; make lifelong friendships that connect you with people from across the country and world.

Grow your knowledge about any aspect of theatre — on stage, backstage, and front-of-house. Attend workshops on acting, dialog, directing, lighting, set design, props, writing, and more.

Learn to be a leader on any path you choose by discovering *your* character at ITF.
