

# MHS Theatre - Fall

November 4 - 8

Issue #6

## OUR TOWN

We are still in need of volunteers in a variety of positions for Our Town

The cast and crew of Our Town have been hard at work. As you know, there is a lot that goes into putting on these shows and supporting our theater program. Every show requires some volunteers to help things run smoothly. Please click on the link below and see if there a spot you can help out.

## TECH WEEK: (n)

(also referred to as tech, torture week, production week, or hell week)

1. The week prior to the opening night of a play, musical, or similar production in which all of the technical elements are present during rehearsal for the first time.
2. A sequence of lengthy, repetitive, challenging rehearsals often resulting in mild schizophrenia in performers.

Ex. It is not uncommon for sentiments to swing from, "Why do I torture myself like this every season?!" to "God, I freaking LOVE this!" from a single performer during a single technical rehearsal.
